SERVICE INFORMATION

- The dust container and wall holder are all interchangeable for all versions, only with color difference.
- Washable permanent filter is available under type number FC 8035 (8838 035 01010).
- The rechargeable batteries contained substances, which may pollute the environment. Dispose unused cells at especially assigned places.
- If a repair has been executed, ensure that all the functions of the appliance are working correctly.
- Operating time is defined as the time it takes to discharge 50 % of the nominal capacity of the batteries.

This product meets the requirements regarding interference suppression on radio and TV.

After the product has been repaired, it should function properly and has to meet the safety requirements as officially laid down at this moment.
