Domestic Appliances and Personal Care

Service Manual 4822 729 22073 is herewith cancelled.

Service Manual

PRODUCT INFORMATION

Voltage	: 100, 120, 220-240V
Frequency	: 50-60Hz
Power consumption	: 1000 watt
HD 7500	: 1200 cc On/Off switch, no jug cap
HD 7501	: 1200 cc On/Off switch
HD 7504	: 1200 cc Auto Shut Off switch
Coloursetting	: various

SERVICE INFORMATION

Thermostat switch-off temp	: 140°C
Thermal fuse cut-off temp	: 228°C

REPAIR INSTRUCTIONS

1. Electrical circuit

When the appliance does not work, check the electrical circuit. If the thermal fuse or thermostat prove defective, the complete pump unit has to be replaced.

2. De-scaling

If the water system is nearly or less clogged by scale then operate the coffeemaker a few times with vinegar or with a 10-15% solution of either vinegar-acid, citric acid or tartaric acid, into cold tap water.

Do not use other de-scaling agents as these may harm the appliance.

If this procedure does not restore the function, then switch off the coffeemaker when the acid has passed through during appr. 3 min. Keep the appliance in this condition overnight and continue/repeat the cleaning operation. After the de-scaling procedure, operate the coffeemaker twice with tap water in order to rinse away any residual substances.

8827 501 00000
8827 504 00000

3. Pump unit removal

To separate the pump unit (item 16) from the hotplate unit (item 13), the two plastic snaps at place A have to be loosened. Then the pump unit can be lifted out easily.

4. Base removal

Besides two screws, two plastic snap connections have to be detached by means of using a simple screwdriver, as indicated on the base of the appliance.

PHILIPS

5. Replacing switch in HD 7500 and HD 7501

6. Colour identification

- Firstly determine your type of appliance (Column A)
- Secondly determine the colourcode, which is printed on the typeplate of the appliance:
HD 7500
/A /. /. is the colourcode
- Determine also the coloursetting of the jug handle (Column B)
- In the next columns you can read the original coloursetting of the other service parts.
